Information on ExpertCare Service Contracts

Focus On Patient Care

Boston Scientific's ExpertCare Equipment Support and Services are designed to put your mind at ease so you can focus on patient care, not equipment.

Our services support equipment uptime and reliability which can help maximize your patient throughput and potentially help reduce patient waiting lists or re-scheduling.

Rely On Your Equipment

ExpertCare solutions are intended to take the stress out of maintaining your capital equipment.

Our service plans can help preserve your equipment uptime with access to hassle-free priority care.

Your systems are regularly serviced by our specialists who will aim to provide prompt resolution to enable the highest quality performance out of your system.

Tailored service contracts for your budget

The Boston Scientific ExpertCare team is dedicated to prolonging the lifetime of your capital equipment to maximize and protect your investment.

Our service plans can provide peace of mind by delivering tailored service coverage options that provide transparency and budget certainty without hidden charges.

Predictable expenses help manage your financial plan with fewer surprises from highcost unscheduled repairs.

ExpertCare service plans

Boston Scientific offers service plans designed to help meet your business needs.

PMCare	EssentialCare	TotalCare
Designed to extend the life of your equipment.	Timely repairs with strong maintenance coverage.	Comprehensive protection and coverage.
PMCare is our entry level and cost-effective service plan. You'll receive regular preventive maintenance on covered products.	EssentialCare includes support services, coverage on most parts, labor, travel, and preventive maintenance on covered products.	TotalCare is a comprehensive plan that combines the benefits of our EssentialCare service with additional coverage on parts and provision of loaners to help minimize downtime.
